

# Startup / Company Registration

## 1. Proprietorship Registration

*Dreaming of launching your own business with absolute control, minimal compliance, and low startup costs? A Sole Proprietorship Registration is the perfect launchpad for freelancers, local retailers, consultants, and small business owners looking to establish their market identity quickly.*

Under this framework, there is no legal distinction between the owner (proprietor) and the business entity. The business operates under the personal legal identity of the owner, meaning all profits belong entirely to you—and similarly, all financial liabilities are yours to fulfill. In India, it is not governed by a singular dedicated act; rather, its legal recognition is established through various tax and government registrations like GST, Udyam (MSME), and state-specific licenses.

### Eligibility Criteria

- **Nationality:** The applicant must be a citizen and legal resident of India.
- **Age Limit:** The applicant must be at least 18 years old.
- **Lawful Objective:** The intended business activities must be legal and compliant with Indian local and central government regulations.

### Required Documents

| Category               | Required Details & Documents                                                                                                                   |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Business Details       | Proposed Company Name                                                                                                                          |
| Identity Proof         | Aadhaar, PAN, Passport-size Photograph, Mobile Number, and Email ID                                                                            |
| Business Address Proof | If Owned: Sale Deed & Latest Utility Bill (Electricity/Water)<br>If Rented: Notarized Rent Agreement & Latest Utility Bill (Electricity/Water) |

### The Registration Process

- 1. Strategic Consultation & Name Selection:** Choosing a unique name and outlining core business objectives.
- 2. Acquiring Core Government Registrations:** Applying for Udyam (MSME) and GST registration to give the business legal standing.
- 3. Tax & Local Compliance Filing:** Obtaining state-specific licenses such as the Shop & Establishment Act registration.
- 4. Current Bank Account Opening:** Setting up a dedicated commercial current account using government certificates.

## 2. Partnership Firm Registration

*Planning to co-found a business venture with a trusted partner while keeping regulatory compliance simple and dynamic? A Partnership Firm Registration is the ideal framework for co-founders, joint consultants, agency owners, and family-run businesses looking to formally pool their skills, capital, and resources under a shared brand identity.*

Governed by the Indian Partnership Act, 1932, a partnership combines the financial strength and expertise of multiple owners. While the firm is legally recognized as an association of individuals rather than a separate corporate legal entity, registering it with the state's Registrar of Firms (RoF) grants it legal enforceability—ensuring that the business can execute contracts, resolve internal disputes smoothly, and establish credibility with banks and vendors.

### Eligibility Criteria

- **Minimum & Maximum Partners:** There must be at least two (2) partners to form the business. The maximum limit is capped at fifty (50) partners.
- **Age Limit:** All participating partners must be at least 18 years old. Minors cannot become core partners but may be admitted strictly to the benefits of an already existing partnership.
- **Competence:** Every partner must be of sound mind and legally capable of entering into a binding commercial contract.
- **Lawful Objective:** The shared business activities must be entirely legal and compliant with both Indian central and state-specific regulations.

### Required Documents

| Section                       | Required Details & Documents                                                                                                                                                                                   |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Business Details              | Proposed Company/Firm Name (Must be unique and not violate existing trademarks)<br>Core Business Activities / Nature of Trade                                                                                  |
| Identity Proof (All Partners) | Self-attested PAN Card (Mandatory)<br>Aadhaar Card, Recent Passport-size Photograph<br>Active Mobile Number & Email ID                                                                                         |
| Address Proof (All Partners)  | Voter ID, Driving License, or Valid Passport                                                                                                                                                                   |
| Business Address Proof        | If Owned: Sale Deed / Property Tax Receipt & Latest Utility Bill (Electricity/Water)<br>If Rented: Notarized Rent Agreement, Latest Utility Bill, and a No Objection Certificate (NOC) from the property owner |

### The Registration Process

#### 1. Consultation & Brand Protection

**2. Drafting the Partnership Deed**

**3. Filing with the Registrar of Firms (RoF)**

**4. Post-Registration Tax & Bank Setup** (Once legally incorporated, we apply for the firm's dedicated PAN and TAN, set up GST and Udyam MSME registrations, and provide the complete legal kit required for opening a current account).

### 3. Private Limited Company Registration

*Ready to transform your vision into a globally recognized, highly credible corporate structure? A Private Limited Company (Pvt Ltd) Registration is the gold standard for ambitious entrepreneurs, tech startups, and growing enterprises. It is the preferred choice for founders who want to raise external venture capital, limit personal financial risks, and build a lasting brand legacy.*

A Private Limited Company is a separate legal entity incorporated under the Companies Act, 2013 (and managed by the Ministry of Corporate Affairs - MCA). Unlike a proprietorship or partnership, a Pvt Ltd company exists independently of its shareholders and directors. It features 'Perpetual Succession,' meaning the company continues to legally exist even if shareholders change, pass away, or exit. The most powerful attribute of this structure is Limited Liability—the personal assets of the directors and shareholders are completely safe and insulated if the business faces financial losses or debts.

#### Eligibility Criteria

- **Minimum & Maximum Members:** The company must have at least two (2) shareholders and a maximum of two hundred (200) members.
- **Director Requirements:** A minimum of two (2) directors is required (the shareholders can also be the directors). At least one director must be an Indian resident.
- **No Minimum Capital:** There is no minimum paid-up capital requirement to start. You can launch your company with as little as ₹1,000.
- **Lawful Objective:** The business activities must be legally permissible and structured within the predefined framework of the Memorandum of Association (MOA).

#### Required Documents

| Section                                     | Required Details & Documents                                                                                                                                                                                |
|---------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Business Details                            | Proposed Company Names (Provide 1 or 2 unique names in order of preference)<br>Main business objectives / Industry category                                                                                 |
| Identity Proof (All Directors/Shareholders) | Self-attested PAN Card (Mandatory for Indian Nationals)<br>Aadhaar Card, Recent Passport-size Photograph<br>Active Mobile Number & Email ID                                                                 |
| Address Proof (All Directors/Shareholders)  | Any one (Not older than 2 months): Bank Statement, Electricity Bill, Mobile Bill, or Gas Bill (Name must match exactly with the PAN card)                                                                   |
| Business Address Proof                      | If Owned: Sale Deed & Latest Utility Bill (Electricity/Water)<br>If Rented: Notarized Rent Agreement, Latest Utility Bill (Electricity/Water), and a No Objection Certificate (NOC) from the property owner |

## The Registration Process

- 1. Name Approval (RUN - Reserve Unique Name):** Submission of preferred names to the Ministry of Corporate Affairs (MCA) to ensure uniqueness and eliminate trademark conflicts.
- 2. Digital Signature Certificate (DSC) & DIN Allocation:** Procuring Class 3 Digital Signature Certificates (DSC) for paperless electronic execution alongside Director Identification Number (DIN) allocation.
- 3. Drafting MOA & AOA and Filing SPICe+ Forms:** Meticulously drafting the Memorandum of Association (MOA) and Articles of Association (AOA), and submitting the bundled SPICe+ form for government review.
- 4. Certificate of Incorporation, PAN, and TAN Issuance:** Upon approval, the MCA issues the official Certificate of Incorporation (COI) along with corporate PAN and TAN to facilitate immediate current account setup.

## 4. Limited Liability Partnership (LLP)

*Looking for a business structure that offers the operational flexibility of a traditional partnership but shields your personal assets like a Private Limited company? A Limited Liability Partnership (LLP) Registration is the ultimate hybrid model. It is highly favored by professional consultants, service providers, and bootstrapped startups who want low compliance costs without compromising on legal security.*

A Limited Liability Partnership (LLP) is a distinct corporate business structure introduced in India under the Limited Liability Partnership Act, 2008. It is recognized as a separate legal entity from its partners, meaning the LLP can own property, take loans, and enter contracts in its own name. The defining benefit of an LLP is that the liability of each partner is strictly limited to their agreed capital contribution. Unlike a standard partnership, no partner can be held liable for the independent acts, negligence, or misconduct of another partner.

### Eligibility Criteria

- **Minimum Partners:** A minimum of two (2) partners is required. There is no upper limit on the maximum number of partners.
- **Designated Partners:** At least two (2) individuals must act as 'Designated Partners' (similar to company directors) to handle statutory filings. At least one of them must be a resident of India.
- **Age Limit:** All partners must be at least 18 years old at the time of incorporation.
- **Lawful Objective:** The partners must have a shared intent to carry out a lawful business with a profit-making motive.

### Required Documents

| Section                       | Required Details & Documents                                                                                                                                                            |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Business Details              | Proposed LLP Names (1 or 2 unique names for verification)<br>Detailed description of the business activities/services                                                                   |
| Identity Proof (All Partners) | Self-attested PAN Card (Mandatory for Indian Citizens)<br>Aadhaar Card, Recent Passport-size Photograph<br>Active Mobile Number & Email ID                                              |
| Address Proof (All Partners)  | Any one (Not older than 2 months): Bank Statement, Electricity Bill, Telephone Bill, or Gas Bill (Name must match PAN perfectly)                                                        |
| Business Address Proof        | If Owned: Sale Deed & Latest Utility Bill (Electricity/Water)<br>If Rented: Notarized Rent Agreement, Latest Utility Bill, and a No Objection Certificate (NOC) from the property owner |

## The Registration Process

- 1. Digital Signature (DSC) & Name Approval (FiLLiP):** Securing Class 3 Digital Signatures and applying for the unique name on the centralized web system.
- 2. Filing the Incorporation Application (FiLLiP Form):** Preparing and submitting the integrated FiLLiP Form to process partner details, assign DPINs, and register the primary office address to receive the Certificate of Incorporation.
- 3. PAN and TAN Application:** Government allocation of permanent PAN and TAN cards simultaneously with the incorporation approval.
- 4. Drafting & Filing the LLP Agreement (Form 3):** Customizing and filing the critical LLP Agreement defining mutual rights, duties, profit ratios, and capital guidelines with the MCA within 30 days of incorporation.

## 5. Public Limited Company Registration

*Are you preparing to execute a massive business expansion, invite large-scale public investments, or chart a clear path toward an Initial Public Offering (IPO)? A Public Limited Company (PLC) Registration is the ultimate corporate structure for high-growth enterprises. It offers unmatched capital-raising power, institutional credibility, and seamless share transferability to position your brand alongside India's industry leaders.*

A Public Limited Company is a premium corporate entity registered and regulated strictly under the Companies Act, 2013, via the Ministry of Corporate Affairs (MCA). Unlike private limited structures, a Public Limited Company is legally permitted to offer its shares to the general public, allowing it to pool immense capital from institutional and retail investors alike. It operates as a separate legal entity with independent financial standing. It maintains Perpetual Succession and provides Limited Liability, securing the personal assets of its shareholders against corporate losses.

### Eligibility Criteria

- **Minimum Shareholders:** There must be a minimum of seven (7) shareholders or subscribers to initiate the company. There is no upper limit.
- **Minimum Directors:** The board must consist of at least three (3) directors (maximum of 15, which can be extended via a special resolution).
- **Resident Director:** At least one (1) director must be an Indian resident (stayed in India for 182+ days in the previous calendar year).
- **No Capital Barriers:** The statutory minimum paid-up capital requirement has been removed by the MCA, enabling dynamic structuring of authorized capital.

### Required Documents

| Section                                     | Required Details & Documents                                                                                                                                                                                                            |
|---------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Business Details                            | Proposed Corporate Names (Must be unique, distinct, and must end with the suffix 'Limited')<br>Exhaustive description of core business domains                                                                                          |
| Identity Proof (All Directors/Shareholders) | Self-attested PAN Card (Mandatory for Indian Citizens)<br>Aadhaar Card, Recent Passport-size Photograph<br>Active Mobile Number & Verified Email ID                                                                                     |
| Address Proof (All Directors/Shareholders)  | Any one (Not older than 2 months): Bank Account Statement, Electricity Bill, Telephone Bill, or Gas Bill (Name must precisely match PAN)                                                                                                |
| Business Address Proof                      | If Owned: Registered Sale Deed / Property Tax Receipt & Latest Utility Bill<br>If Rented/Leased: Notarized Rent Agreement, Latest Utility Bill (Electricity/Water), and a signed No Objection Certificate (NOC) from the property owner |

## The Registration Process

**1. Strategic Name Reservation (RUN Portal):** Filing name applications through the RUN portal backed by intensive trademark mapping.

**2. Digital Identity Allotment (DSC & DIN):** Procuring Class 3 Digital Signature Certificates (DSC) and handling Director Identification Number (DIN) allotment.

**3. Framing the Corporate Constitution (SPICe+):** Drafting the foundational MOA and AOA to layout business objectives and strict internal governance systems via SPICe+ setup.

**4. Incorporation and Statutory Activations:** Receiving the official Certificate of Incorporation (COI) along with simultaneous issuance of corporate PAN, TAN, and EPFO/ESIC registrations.

## 6. One Person Company (OPC) Registration

*Are you a solo entrepreneur looking to build a powerful corporate brand without the need for co-founders or partners? A One Person Company (OPC) Registration is the perfect legal structure for individual founders, consultants, and e-commerce sellers. It allows you to enjoy all the premium privileges of a Private Limited company while maintaining 100% ownership and absolute decision-making power.*

Introduced under the Companies Act, 2013, a One Person Company (OPC) is a revolutionary business structure that allows a single individual to form a corporate entity. Unlike a traditional sole proprietorship—where the owner and business are legally treated as the same—an OPC is a separate legal entity. This means the company can own assets, sign contracts, and sue or be sued in its own name. Most importantly, it introduces Limited Liability to solo business owners, ensuring that your personal savings, home, and assets are completely protected against business losses and debts.

### Eligibility Criteria

- **Single Promoter Only:** Only one (1) natural person can act as the sole shareholder/member.
- **Indian Residency:** The founder and the chosen nominee must be citizens of India and legal residents.
- **Nominee Requirement:** The sole owner must nominate a secondary individual during incorporation who will take charge of the company in the event of the owner's death or incapacity.
- **One OPC Per Person:** An individual is legally restricted to incorporating or being a nominee for only one (1) OPC at any given time.

### Required Documents

| Section                          | Required Details & Documents                                                                                                                                                                                    |
|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Business Details                 | Proposed OPC Names (1 or 2 unique name preferences ending with the suffix 'OPC Private Limited')<br>Main business objectives / Industry category                                                                |
| Identity Proof (Owner & Nominee) | Self-attested PAN Card (Mandatory)<br>Aadhaar Card, Recent Passport-size Photograph<br>Active Mobile Number & Email ID                                                                                          |
| Address Proof (Owner & Nominee)  | Any one (Not older than 2 months): Bank Statement, Electricity Bill, Mobile Bill, or Gas Bill (Name must match PAN card exactly)                                                                                |
| Business Address Proof           | If Owned: Sale Deed / Property Tax Receipt & Latest Utility Bill<br>If Rented: Notarized Rent Agreement, Latest Utility Bill (Electricity/Water), and a signed No Objection Certificate (NOC) from the landlord |

## The Registration Process

- 1. Digital Signature Certificate (DSC) Procurement:** Securing Class 3 Digital Signature Certificate (DSC) for secure electronic form signing.
- 2. Name Reservation & Nominee Consent:** Filing the selected business name for institutional approval and drafting Form INC-3 to record the legal consent of the Nominee.
- 3. Drafting MOA & AOA and Filing SPICe+ :** Structuring the custom constitutional parameters of the business through MOA & AOA filings inside SPICe+.
- 4. Issuance of Incorporation Certificate, PAN, and TAN:** Issuance of the official Certificate of Incorporation (COI) complete with unique CIN, corporate PAN, and TAN.

## 7. Indian Subsidiary Registration

*Is your international enterprise ready to tap into one of the world's fastest-growing economies and access a massive pool of world-class talent? Establishing an Indian Subsidiary is the ultimate gateway for foreign corporations looking to operate dynamically in India. By launching a Wholly Owned Subsidiary (WOS) or a Joint Venture (JV), your parent company gains a fully operational, independent legal entity to drive revenue, execute local contracts, and scale without boundaries.*

An Indian Subsidiary is a corporate entity incorporated in India under the Companies Act, 2013, where a foreign parent company controls more than 50% of the share capital or dominates the composition of its Board of Directors. When the foreign parent company holds 100% of the shares, it is recognized as a Wholly Owned Subsidiary (WOS). Operatively, the Indian subsidiary is treated as a separate legal entity and an independent domestic corporate body. This structure strictly insulates the parent organization by providing Limited Liability, meaning the global parent company's assets are completely protected from any operational or financial liabilities incurred by the Indian entity.

### Eligibility Criteria

- **Minimum Shareholders:** There must be at least two (2) shareholders or corporate subscribers. For a WOS, the parent company holds 99.9% of the shares, while a nominee holds the remaining nominal fraction.
- **Minimum Directors:** The company must have at least two (2) directors.
- **Mandatory Resident Director:** At least one (1) director must be an Indian resident (having stayed in India for 182 days or more in the previous calendar year) to manage local statutory accountability.
- **Physical Registered Address:** The subsidiary must maintain a physical, legitimate commercial office address located within India.
- **FEMA & RBI Compliance:** The inflows of foreign capital must completely comply with the pricing and reporting parameters set by the Foreign Exchange Management Act (FEMA).

### Required Documents

| Section                              | Required Details & Documents                                                                                                                                                                                         |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| From the Foreign Parent Company      | Certificate of Incorporation / Business Charter<br>Memorandum & Articles of Association (MOA/AOA)<br>Certified Board Resolution authorizing the India expansion and nominating an authorized representative          |
| From Foreign Directors / Signatories | Valid, high-resolution color copy of Passport (Identity Proof)<br>Overseas Address Proof (Utility Bill or Bank Statement not older than 2 months)<br>Passport-size photographs, Email ID, and active contact numbers |
| From Indian Resident Director        | Self-attested PAN Card (Mandatory)<br>Aadhaar Card<br>Bank Statement or Utility Bill reflecting the current residential address                                                                                      |

Indian Registered Office  
Proof

If Rented/Leased: Notarized Lease/Rent Agreement, Latest Utility Bill (Electricity/Water), and a signed No Objection Certificate (NOC) from the property owner

## The Registration Process

- 1. Global Documentation & Legalization:** Apostilling/legalization of foreign parent documents in the home country.
- 2. Digital Identity Allotment & Name Reservation:** Procuring DSCs for directors and submitting preferred corporate names through the MCA portal (SPICe+ Part A).
- 3. Integrated Corporate Filing:** Filing the intensive integration forms covering core business objectives, MOA, AOA, and local identity verifications (SPICe+ Part B).
- 4. Certificate of Incorporation & RBI FEMA Reporting:** Receipt of the formal Certificate of Incorporation alongside mandated compliance declarations and filings to the Reserve Bank of India (RBI) under FEMA rules.

## 8. Section 8 (NGO) Company Registration

*Are you looking to launch a non-profit organization, charitable foundation, or social venture with the highest level of corporate governance and institutional trust? A Section 8 Company Registration is the most trusted and globally recognized framework for NGOs in India. It is the premier choice for social entrepreneurs, philanthropists, and corporate CSR wings who want to drive meaningful change while enjoying limited liability protection and access to corporate funding.*

A Section 8 Company is a specialized corporate entity registered under Section 8 of the Companies Act, 2013, via the Ministry of Corporate Affairs (MCA). It is incorporated strictly for promoting non-profit objectives such as commerce, art, science, sports, education, research, social welfare, religion, charity, or environmental protection. Unlike a regular commercial firm, all profits, donations, and incomes generated by a Section 8 company must be used exclusively to further its core social mission. No dividends or profits can be paid or distributed to its members or directors.

### Eligibility Criteria

- **Minimum Members & Directors:** There must be at least two (2) shareholders/members and a minimum of two (2) directors (the same individuals can fulfill both roles).
- **Non-Profit Mandate:** The primary objective of the entity must be entirely non-profit, aimed solely at social development or charitable initiatives.
- **No Profit Diversion:** The internal charter must explicitly state that no profit, dividend, or financial benefit will be transferred directly or indirectly to its members.
- **Competent Founders:** All promoters must be at least 18 years old, mentally sound, and legally qualified to enter into commercial agreements.

### Required Documents

| Address Proof (All Directors & Members)  | Any one (Not older than 2 months): Bank Statement, Electricity Bill, Mobile Bill, or Gas Bill (Name must match PAN card exactly)                                                                                |
| Business Address Proof                   | If Owned: Sale Deed / Property Tax Receipt & Latest Utility Bill<br>If Rented: Notarized Rent Agreement, Latest Utility Bill (Electricity/Water), and a signed No Objection Certificate (NOC) from the landlord |

## The Registration Process

- 1. Digital Security Setup & Name Approval:** Setting up digital certificates (DSC) and reserving the organizational name via the MCA registry.
- 2. Applying for the Section 8 Central License:** Filing an explicit petition to the central government outlining social goals to obtain a specialized Section 8 License.
- 3. Framing the Constitutional Charters (MOA & AOA):** Drafting the strict non-profit guidelines and asset lock-in rules within the MOA and AOA charters.
- 4. Final SPICe+ Incorporation & Tax Registration:** Submitting the final integrated SPICe+ form for corporate incorporation, tax registrations, and PAN/TAN cards.

## 9. Trust Registration

*Whether you are planning to channel your personal wealth toward a specific charitable cause or looking to protect and manage family assets for future generations, a Trust Registration provides a timeless and deeply respected legal framework. It is the preferred choice for family estates, community schools, religious institutions, and traditional philanthropists who want a dedicated structure to fulfill a lasting, defined purpose.*

A Trust is a legal arrangement where an individual (known as the Settlor or Author) transfers the ownership of a specific property or asset to a trusted individual or group (known as the Trustee) for the absolute benefit of another individual or group (known as the Beneficiary). Governed broadly by the Indian Trusts Act, 1882 for private trusts, and specific state public trust acts or common law for public trusts, a Trust ensures that assets are strictly managed according to the rules set out in a legal contract called the Trust Deed.

- **Public/Charitable Trust:** Created for the benefit of the general public (e.g., setting up schools, hospitals, or religious spaces).
- **Private Trust:** Created strictly for the benefit of private individuals, such as managing a family estate or securing a minor child's financial future.

### Eligibility Criteria

- **The Settlor:** Must be a competent individual who is at least 18 years old, mentally sound, and owns the property being dedicated to the trust.
- **The Trustees:** A minimum of two (2) trustees are required. There is no upper limit. They must agree to actively manage the trust property according to the deed.
- **The Beneficiary:** There must be a clearly defined beneficiary or target group (e.g., 'underprivileged students' for a public trust, or 'named family members' for a private trust).
- **Trust Property:** There must be an identifiable asset or property (even a small nominal cash amount like ₹1,000) dedicated as the initial 'Trust Fund.'
- **Lawful Objective:** The core purpose of the trust must be entirely legal and cannot oppose public policy.

### Required Documents

| Witnesses                  | Identity proofs of two (2) independent witnesses who will sign the deed during registration                                                                                                                     |

## The Registration Process

- 1. Consultation & Drafting the Trust Deed:** Formulating trust guidelines, rules for trustees, and beneficiary privileges inside a custom Trust Deed.
- 2. Stamp Duty & Non-Judicial Stamp Paper Setup:** Paying the applicable state-specific stamp duty and printing the deed on non-judicial stamp papers.
- 3. Formal Filing at the Sub-Registrar Office:** The Settlor, Trustees, and Witnesses present themselves at the local Sub-Registrar Office for formal deed execution.
- 4. Certificate Issuance & Post-Registration Tax Setup:** Issuance of the registered Trust Deed followed by applying for a dedicated permanent PAN and TAN for the trust.
